WHY FRP? WHERE FRP

You'll find Crane Composites FRP panels in restaurants, food processing plants, cleanrooms, healthcare facilities, schools, or in any commercial space where surface durability, high performance and hygiene are desired. Our vast network of distribution partners means that our products, along with expert technical and installation support, are all easily accessible and readily available.

add surfaseal

The Surfaseal film finish, found only on Glasbord, provides a barrier that's highly resistant to impact and scratching. Because of our unique process, the Surfaseal finish will not trap soil or bacteria on the panel. The surface is up to 10 times easier to clean and up to six times more stain resistant than other sanitary wall systems.

A global leading provider of resilient wall and ceiling coverings. Kemlite® was established in 1954 and the company changed names to Crane Composites in 2007 to reflect the company's ongoing new product innovations that continue to expand beyond hygienic wall panels.

APPLICATIONS

- Commercial Kitchens
- Cleanrooms
- Restrooms
- Convenience Stores
- Locker Rooms
- Food Processing Plants

FEATURES

- Mold & Mildew Free
- Meets USDA/FSIS Requirements
- Easy to Install
- Cleanable
- Durable

ACCESSORIES

- Standard Vinyl/PVC Moldings
- Polyurethane Seam Sealant

PRODUCT SPECS

- AVAILABLE SIZES: 4' x 8' | 4' x 10' (other sizes available upon request)
- THICKNESSES: 0.09" (embossed) | 0.075" (smooth)
- FIRE RATINGS: Class A or Class C per ASTM E-84 | CAN/ULC-S102 | FM Approved Available
  * Embossed Black, Smooth Gray and Ivory are available in a Class C fire rating only

THERE IS NO BETTER OPTION.

Our broad selection of moisture-resistant and non-porous FRP paneling solutions are available in a range of surface options, textures and colors. Easy to install over any existing wall surface and highly cost-effective, our FRP panels are proven to deliver tough, low maintenance surfaces that are long lasting, yet great-looking.

- FIRE RATINGS:
  Class A per ASTM E-84

- AVAILABLE CEILING PANELS:
  Glasbord Embossed or Smooth Textures
  in Class A or Class C Fire Rating per
  ASTM E-84 (CGI, PSIF, FX) or Kemply
  ACP Core,

sealed ceiling

Sanigrid grid systems are the ideal solution for high humidity and chemical environment installations. Sanigrid system feature a series of pre-notched main tees and cross members to lock in the grid. It allows for fast installation, with the entire system easily snapping together.

ACCESSORIES
For Wall Panel Installations

VINYL/PVC MOLDINGS

Standard for GLASBORD with Surfaseal and Wide for KEMPLY

SILHOUETTE TRIMS

For DESIGNS Patterns and VARIETEX Textures

ALUMINUM TRIMS

For DESIGNS Patterns and VARIETEX Textures

BEADED PANEL MOLDING

For VARIETEX Beaded Wall Panels

POLYURETHANE SEAM SEALANT

For Seamless GLASBORD Installations

for details

Vinyl moldings and Silhouette Trims includes the unique Crane Composite expansion control guide to assist with proper installation. The expansion control guides will let you know where to stop with the panel leaving proper room for expansion.

INSTALLATION TOOLS

Crane Composites wall panels are easy to install with our stocked accessories and tools.

Installation accessories include our Crane Fast Grab or Crane Advanced Polymer Adhesive, rollers and trowels along with detailed installation guides and videos. Visit cranecomposites.com/resources.html for detailed installation information.

ABOUT CRANE COMPOSITES

Crane Composites Inc., a subsidiary of Crane Co. (NYSE:CR), is the world's leading provider of fiber-reinforced composite materials.

Since 1954, we have continued to pioneer numerous patented technologies for industrial and commercial product applications. We've built a proven reputation for industry leadership by partnering with customers and suppliers to deliver advanced, industry-leading solutions.

Our products and our team reflect our mission statement: We are a performance driven organization committed to global leadership and the production of high quality composite materials. And we are committed to profitable growth that benefits our employees and stakeholders by adhering to our high standards of Operational Excellence and our Crane Values.

Customers benefit not only from the outstanding performance characteristics of our products; they also realize value from our extensive product support program. Our expert product teams are focused on the needs of customers to provide unparalleled service and expertise.

WHY FRP IS THE RIGHT CHOICE FOR ANY ENVIRONMENT.
